

Guardian Angel Counseling & Consulting LLC

COUNSELING is a confidential process designed to help you address your concerns, come to a greater understanding of yourself, and learn effective personal and interpersonal coping strategies. It involves a relationship between you and a trained therapist who has the desire and willingness to help you accomplish your individual goals. Counseling involves sharing sensitive, personal, and private information that may at times be distressing. During the course of counseling, there may be periods of increased anxiety or confusion. The outcome of counseling is often positive; however, the level of satisfaction for any individual is not predictable. Your therapist is available to support you throughout the counseling process.
